

# APM Terminals Lazaro Cardenas Phase II

APM Terminals Lazaro Cardenas announces the start of the construction of its second phase. The investment of over USD\$140 million will increase the capacity of the first semi-automated facility in Latin America with an additional one million TEUs. APM Terminals has invested over USD\$900 million in Lazaro Cardenas, a clear sign of our commitment to Mexico. This expansion will position Lazaro Cardenas as a HUB port for the North American Region.

Description	Actual	Phase II	Total
Area	49ha	15.7 ha	65 ha
Teus Capacity	1.2 million TEUs	+ 1 million TEUs	2.2 million TEUs
ARMG	22	+ 6	28
Shuttle Carriers	18	+14	32
Empty Handlers	2	+4	6
