

**SCHEDULE OF RATES AND GENERAL TERMS & CONDITIONS FOR VGM
SERVICES AT APMT BARCELONA FACILITIES**

VALID FROM 01.01.2021 UNTIL 31.12.2021

1. Weighting Request

- 1.1** Weighting Request is received before or within the first 24 hours of the container's entry into our facilities: **19,28€.**
- 1.2** Weighting Request is received 24 hours after the container's entry into our facilities: **52,47€.**
- 1.3** Before 12 hours of Operations starts, no weighting request nor communications have been received for the container, but the it is included in the loading list, the Terminal Will proceed automatically with the weighting of the container: **52,47€.** This rule does not apply on weekend or holiday days. (Please refer to operation procedure for weighing request).
This amount will be always invoiced to **shipping line / shipping agent.**

2. VGM Communication:

- 2.1** VGM Communication is received before or within the first 24 hours of the container's entry into our facilities: **no charge will be applied.**
- 2.2** VGM Communication is received 24 hours after container's entry into our facilities: **31,05€ (Communication + 24 hours).**
- 2.3** If container has a VGM communicated and a modification of this weight is later received – **28,92€ (Change of weight).**

Notes:

These tariffs are valid for all export container arrived at our facilities by Truck or by train.

The invoices will always be issued to the part that has originally requested the weighting or communicated the VGM to the Terminal.

In the event of weighting request or communication is received by a part not identified as Terminal client, both actions will be rejected. The part interested will have to contact to our Customer Service Department to solve the issue. (atencionclienteBCN@apmterminals.com).

Operative Procedure for VGM:

All weighing request or VGM communication must be sent through different PORTIC Applications. The terminal won't manage any order received outside the channels above mentioned (no email request will be accepted).

Weighting requests:

- APM Terminals Barcelona will manage weighting request for containers 20, 40 and 45 but not for those containers with over dimensions cargo.
- APM Terminals Barcelona won't manage weighting request for OOG Containers.
- If container number is unknown by the time of requesting weighting Service, the reference number of the weighting request must be the same as it is in *Admitase* document. Other way, the system won't match the request with the container and it won't be registered in our system.
- Weighing request cancellation in ADMITASE: If after a weighing request it needs to be cancelled, it is mandatory to proceed with a Cancellation (not substitution) of *Admitase* document and issue a new one. Other way, the first request will prevail in the system and the container will be weighed and finally invoiced for the service given.
- Cancellation of weighing request via PORTIC: they must be cancelled through PORTIC applications.
- Weighing request on weekend and holiday: Those containers scheduled to be loaded during the weekend won't be weighed automatically 12 hours before the start of Operations. The Terminal must receive the weighing request before 18:00 pm on Friday or the previous working day (for holidays).
- Reweighing – In the event of a verification request for VGM already given by the Terminal, formal request needs to be received by the following email address:
vermasBCN@apmterminals.com

VGM Communications:

- All VGM Communications must be declared without decimals and without rounding off the original VGM. No points or comas must be used.
- APM Terminals Barcelona will accept VGM Communication until 12 hours before start of Operations. After this period, if container has been included in the loading list we will proceed as per point 1.3. (See tariffs)
- If the VGM Communication is received in the loading list, the cost of this communication will be invoiced to the shipping line (or agent)

Other special cases:

- **Direct load Truck – Vessel:** The VGM needs to be declared through PORTIC. APM Terminals Barcelona won't accept weighing request for these containers.
- **Terminal transfers:** Please contact our weighing department at the following email address vermasBCN@apmterminals.com. The cost will be **52,47€**
- **OOG** – weighing can't be performed in our facilities,
