2. A day shall be reckoned as 24 hours from the time of berthing i.e. from the time the first line of rope is put up on the bollard.

Penal berth hire for liquid cargo vessels:

(a) Vessels remaining idle for more than 2 hours shall attract penal berth hire and may be removed from berth at the expenses of the hirer, if the Port authorities deem so necessary.

(b) Vessels working below the handling rates as prescribed by the Port will also attract penal berth hire; and may be removed from berth at the expenses of the hirer by the Port Authorities if the Port Authorities deem so necessary. Minimum handling rates for liquid cargo to be maintained as below:

Pipeline	Edible Oil	Chemicals	POL	LPG
	Min. Productivity - TPH	Min. Productivity - TPH	Min. Productivity - TPH	Min. Productivity - TPH
10 "	300	275	400	250
12 "	400	300	500	-
16 "	500	400	750	-

(c) With respect to (a) & (b) penal berth hire would be charged only for the particular day, when the vessel has remained idle or has worked below prescribed handling rates.

1. Time of un-berthing for a vessel shall be established at the first available time on completion of operations, in consultation with the Port Authorities.
2. The vessel for whose convenience adjacent berth/berths is/are kept vacant due to the nature of cargo being handled at that particular berth or for any other reason shall be charged additional berth hire for each of the berth so kept vacant at the rate applicable to the particular vessel.

Penal berth hire will be charged in the event of:

1. Vessel not starting cargo operations within specified time.
2. Vessel not ready for sailing after completion of cargo operations within specified time
3. Vessel not adhering to specified cargo loading / discharge norms

Priority Berthing Charges for liquid cargo vessels: The vessel which avails priority berthing will be required to pay 3 times of berth hire over and above normal berth hire charges.

Operating Guidelines for Availing Priority Berthing for Liquid Vessels

- a) Any vessel requesting priority berthing is required to give at least 5 days' notice basis ETA at GPPL limits in writing confirmation to Harbour Master, GPPL. No request for priority berthing will be accepted, if the notice is less than 5 days. Priority Berthing shall be confirmed basis written requisition with cargo discharge/load plan along with payment (in form of DD) of Priority Berthing Charges. The vessels ETA must be updated every 12 hrs in the last 24 hours.
- b) Priority berthing is allowed for berth stay not exceeding 36 hours from first line to last line. Minimum cargo productivity rates will be applicable on vessels availing priority berthing; deviation if any should be intimated to & approved by GPPL at time of application for priority berthing. The vessel shifted out on exceeding 36 hours will re-berth as per her new seniority.
- c) Once a vessel has requested priority, it cannot be cancelled or withdrawn up after 48 hours of filing for priority berthing. In case vessel cancels priority berthing within 48 hours of filing for priority it shall attract cancellation charges of Rs.50000/- or one day's berth hire whichever is higher.
- d) Notwithstanding application of berthing priority, if a vessel berths without superseding any other waiting vessel, priority berth charges will not be applicable to the vessel.
- e) Port will not keep berth vacant for any priority vessel, and seniority sequence will be maintained as usual till arrival of priority opted vessel, her priority starts from her arrival time and accordingly she will be given first preference amongst the waiting vessels.
- f) In case the vessel does not commence cargo operations beyond 4 hours of berthing of vessel, the Port will reserve the right to shift the vessel to anchorage at her cost, subject to another vessel waiting for occupying the berth.
- g) Allocation of Priority Berthing will be accorded as per Port's discretion. In case of any dispute, the Port's decision will be final.

Note:

1. The period of berth occupancy shall start from the time the first line of rope is tied on the bollard to the time the last line of rope is untied on the bollard for un-berthing.
2. Time of un-berthing for a vessel shall be established at the first available time on completion of operations, in consultation with the Port Authorities.
3. The vessel for whose convenience adjacent berth/berths is/are kept vacant due to the nature of cargo being handled at that particular berth or for any other reason shall be charged additional berth hire for each of the berth so kept vacant at the rate applicable to the particular vessel.

IV. Tug Hire Charges

	Per Tug per hour or part thereof
All Vessels	US\$ 420
<u>CANCELLATION OF TUGS (Up to 2 Hrs before requisition time)</u> All Vessels	US\$ 210

Note:

1. Tug Hire charges of a minimum of one hour shall be levied for every requisition. The above charges shall be applicable from the time the tug leaves her moorings or previous duty, whichever is later to the time she returns to her moorings or attends to subsequent duty whichever is earlier.

2. If the requisition is cancelled or postponed up to 2 hours before the requisition time, cancelation charge will be applicable.
3. The tugs shall not be hired except with the Port crew, and the charges set out in the table above include the cost of the service of the said crew and of fuel.
4. The services of the tugs shall be made available at the discretion of the Port Authorities.
5. If the services of the tug are made available not continuously but at different times to suit the convenience of the Port Authorities or due to circumstances beyond the control of the parties concerned, charges will be calculated by totalling up the broken periods of work and treating them as one continuous period up to the time the tug finally returns to her moorings or attends to subsequent duty.
6. Every requisition for availing the services of the tugs should be accompanied by the hire charges in advance
7. The hiring of tugs is not guaranteed normally. The Port shall not be responsible to the hirer for any loss or damage or injury to life or property arising directly or indirectly from the use of the tugs or delay in supply of the tugs or due to the failure of the tugs at any stage during the period of hire. The hirer shall indemnify the Port against all loss or damage or injury to life arising directly or indirectly from the use of the tugs during the period of the supply on hire to any property belonging to the port including the tugs or to any other person or property. The liability of the hirer shall not be affected by the fact that such loss or damage or injury to life or property may have arisen due to any act or default of any employee of the Port.
8. The decision of GPPL Management, will be final in respect of any disputes arising in the matter of making available the tugs, manner and method of usage and assessment of damage, etc., to the tug and any other equipment thereon.
9. In case of certain weather conditions, the Master of the vessel requires the assistance of a tug to keep the vessel alongside during its operational period. In such circumstances, the charges mentioned above shall be applicable.
10. Small parcels may be carried on tugs. Every 100 Kg load will be charged at US\$ 20. Personal baggage of seamen (Sign on/Sign Off) is exempted from this charge.
11. The services of tugs will be made available only on written requisition submitted to the Port Authorities, duly specifying therein the purpose for which the tug is required.

V. Anchorage Fees

	Per GRT per 6 Hrs or part thereof
All Vessels	US\$ 0.015

Note:

1. This amount will be levied for the entire period of anchorage, i.e. from the time the vessel enters the anchorage. Anchorage charges shall be applicable for vessels carrying out any other operation (as decided by GPPL) at anchorage, but not applicable for vessels waiting for GPPL berths.
2. For the purpose of calculating period of stay of a vessel at anchorage, a day shall be reckoned as 24 hours from the time a vessel enters the anchorage. If vessel arrives at GPPL and in spite of availability of a berth, the Master opts not to berth the vessel for any reason (i.e. Option of Owner/Master/Charterer/ Agent/Shipper/Receiver), then anchorage charges as per Port Tariff is applicable.
3. The time at which the vessel vacates and sails out of the designated anchorage area will be counted for the purpose of the period for the levy of the anchorage fee. If vessel is detained for want of Port Clearance and is waiting at anchorage; then Anchorage Charges shall be applicable.
4. In the event of a vessel, which had stayed at an anchorage, after taking berth and returns thereafter either to the same anchorage, or to another anchorage, the number of days the vessel was away from the anchorage will be excluded. The period of occupation will be treated as a continuous period

for computing the Anchorage Fees. If vessel is anchored at anchorage at owners / agent's option; then Anchorage Charges shall be applicable.

5. No vessel shall be liable to pay anchorage fees and berth hire for the same day if there is a shifting from anchorage to berth or vice versa. Only Berth Hire shall be payable for that day. If Inward Pilot Memo is not filed on arrival of the vessel; then Anchorage Charges shall be applicable.
6. Once a vessel has anchored off Port Pipavav and reported arrival and anchoring particulars, the vessel will be deemed to be at Pipavav anchorage and will be charged anchorage charges as per the port tariff.

VI. Sludge Oil/ Garbage Disposal

The port offers Sludge oil/ Garbage disposal facilities. Please contact the harbour master for details.

VII. Vessel entering port but not discharging/loading cargo (Anchorage Utility Charges)

A vessel entering the port but not discharging or loading any cargo (with the exception of such un shipment and reshipment as may be necessary for the purposes of repairs) and undertaking activities like Importations / Customs Clearances / Foreign-Coastal Conversions / On-board repairs etc. shall be charged US\$ 2,000 per shift per vessel call (one shift equal to 12 hours) and subject to acceptance by port.

All other applicable vessel handling charges will be additional to above charges.

VIII. Tug Hire for Anchorage Services

Tug hire charges for tugs used by external parties, crew transfers etc. for any activities other than towage is as per below

	Per Boat per hour or part thereof
TUG HIRE	US\$ 1,000

IX. Over Side Operations

Note:

- Charges under this section shall be recovered from Importer or Exporter based on the quantity manifested.
- All wharfage charges are payable in Indian Rupees.
- The fee on goods in case of distressed vessels shall be recovered as under:
 - Initial loading (shipping) : Full Fees
 - Unloading (Landing) on return due to distress : Full Fees
 - Reloading (Shipping) : Full Fees
- The Wharfage shall be levied on a minimum of 50 Kgs. In case of the cargo manifested in bulk, wharfage shall be levied on the manifested tonnage of the vessel cargo without insisting on any other shipping documents or invoices. In all other cases the Port Authority shall assess wharfage on the gross weight of goods as shown in invoices or as ascertained by actual weighment at the time of landing or shipping or any subsequent date. However, in case of bulk cargo, if the quantity ascertained by draft survey on arrival and departure of the vessel by the consignee/consignor is manifested in the statement of fact and if such quantity is higher than the manifested quantity, then the higher quantity shall be chargeable.
- Wharfage on packages containing assorted or sundry goods shall be levied according to the most remunerative classification applicable to any item of the contents.
- All Transshipment and re-shipment of goods shall be dealt with ordinary landing and shipping of goods and shall be subject to levy of fees on landing and shipping each time.
- Full Wharfage shall be applicable on the cargo transhipped from one vessel to another vessel on the manifested quantity of such transshipment cargo.
- Wharfage shall not be levied in the following specific cases:
 - Goods consigned to the Port of Pipavav.
 - Passenger bona fide kits allowed by the steam ship companies without any charges.
 - Fodder accompanying livestock and not manifested as cargo.
 - Ship's sweeping provided that the entire cargo is landed at the landing place and satisfactory proof is produced to the effect that the sweeping form a part of the consignment for which the landing and shipping fee has been paid.
 - Sweeping collected from the jetties, wharves, sheds etc.

* *Applicable Taxes Extra*

NOTE:

1. Advance application for crane hire should be made to the Operations Department, GPPL mentioning the number of hours the crane is required.
2. Allotment of a suitable crane will be at the discretion of GPPL Management and ordinarily cranes will be supplied in order of requisition, but GPPL Management may deviate from the order if in his opinion circumstances justify such action.
3. The hire charges will commence from the time of dispatch of the equipment subject to maximum transit time of 30 minutes, provided the equipment so dispatched is made available for operation at the work site.

4. The port shall man and work the cranes only. The labour for slinging the cranes shall be supplied by the user/hirer concerned.
5. When cranes are required for longer period than requisitioned for, a fresh requisition shall be submitted at least one hour before the expiration of the period mentioned in the original requisition.
6. It must be ensured that the port's cranes work clear of ship's gear and of all other obstructions.
7. If a hook / crane different from the one requisitioned by a party is supplied to suit the ports convenience, charges applicable to the hook requisitioned shall alone be recovered.
8. If a notice withdrawing the requisition in respect of crane is not given to the Port Authority at least 3 hours before the time stated in the requisition application, a minimum of one hour's charges shown above against their respective category shall be levied.
9. The cranes and equipment are supplied on the condition that, the Port shall not take any responsibility for any loss or damage to life or property or break down of the equipment owing to any reason and that the liability of such loss/damage/break down shall rest with the user/hirers of the equipment. The users will be solely responsible for damage to equipment and Port property that may occur or result during the working of equipment as per requisition, on account of any reason such as overloading of crane, improper slinging of cargo etc. The user/hirer shall make good all damages (fair wear and tear expected) and pay the port all costs of repairing of damages and replacements actually incurred.
10. The hirer shall indemnify the port against all loss or damage or injury to life arising directly or indirectly from the use of the crane during the period of the supply on hire, to any property belonging to the port including the crane, or to any other persons or property. The liability of the hirer shall not be affected by the fact that such loss or damage or injury to life may have arisen due to any act or default of any employee of the Port. The hirer shall also indemnify the Port for all liabilities under the Workmen's Compensation Act.
11. When cranes are requisitioned for a specified number of hours but are made available not continuously but at different times to suit the convenience of the user, Port charges will be calculated as if the hire was a continuous period unless a demobilization request is given by the customer (as in number 8 above with a minimum period of 2 hours between two consecutive uses). Each utilization period will be rounded up to the nearest hour for the purpose of invoicing.
12. The Port Authorities can withdraw the equipment at any time for their own work during the period of requisition; however this period will be excluded from the period of hire.
